BLUEPEAK OFFERS CLAIM TESTING AND MONITORING PROGRAMS

TRANSITION TESTING AND MONITORING

BluePeak Advisors conducts transition claim review that helps identify problems with transition either before implementation or after implementation to monitor accuracy of processed transition claims. The transition claim review program has customized analytics to validate accuracy for both new and existing member transition paid or rejected claim per the plan approved formulary and benefit, as well as specific CMS guidance.

BENEFITS TESTING

Let BluePeak Advisors assist you with testing that all of your benefits have been set up correctly in your or your PBM's system. The benefit testing program will develop a customized test cases based on your specific benefits and cost shares. BluePeak Advisors also provides customized reports and an executive summary that outlines details on testing that failed.

FORMULARY ADMINISTRATION ANALYSIS

BluePeak Advisors can conduct Formulary Administration Analysis to ensure you are adjudicating claims in accordance with your approved formulary. This program will build custom testing based on your approved formulary and cover critical components focused on by other CMS audits.

REJECTED AND PAID CLAIMS ANALYSIS

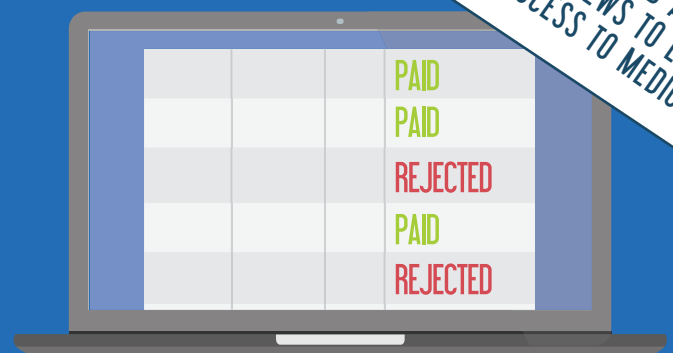

BluePeak Advisors has a robust rejected and paid claim review system that assists plans in meeting the CMS expectation that plans monitor point-of-sale activity. The rejected claim review program also has customized analytics to focus on appropriateness of the rejection per the plan approved formulary and benefit, as well as specific CMS guidance. The paid claims review includes validation of accurate copays.
