

Gain KNOWLEDGE with a new online training curriculum...

A key component to efficient operations and compliance is training. Training is critical to ensure employees have the tools to do their job and understand regulations that govern their work.

BluePeak University is a computer-based training platform that satisfies all your annual required training needs to support Board members and Medicare compliance and operations professionals. BluePeak University offers comprehensive curriculum to stay on top of changing regulatory guidance, navigate lessons learned, and implement best practices:

- Customer service
- Medicare audit
- Operations
- Utilization management and claims
- Compliance
- Finance
- Pharmacy

Specific courses are even customizable to your organization.

BENEFITS OF TRAINING

- ✓ Higher job satisfaction and lower turnover
- ✓ Improved productivity and accuracy
- ✓ Compliance with regulatory requirements

Since its inception, BluePeak Advisors has been committed to making the complicated world of government-sponsored health care programs easier to navigate. BluePeak employees pride themselves on being our clients' personal advisors and driving through our motto of **Knowledge, Experience and Trust** to deliver outstanding service. Our training and curriculum developers are senior level managed care professionals, experienced clinicians and former Centers for Medicare and Medicaid (CMS) regulators who have worked at health plans, pharmacy benefit managers (PBMs), and CMS. Now our comprehensive training content is available online in an engaging format that makes learning fun.

WHY COMPUTER-BASED TRAINING?

Reduced Costs

BluePeak University is online, so there is no need for travel or training materials that, in some cases, are out of date when they are printed.

Standardized Message

Courses have been developed to provide high-level, overarching principles and then dive into details, allowing each employee or Board member to choose a learning path that suits their work.

Flexible & Supports Remote Staff

The training can be accessed online 24 hours a day, 365-days a year through the use of a Learning Management System (LMS).

Ability to Learn New Skills at Own Pace on a Variety of Topics

BluePeak University offers courses that satisfy all your annual training requirements such as HIPAA, Medicare Compliance, Board Training, and Fraud, Waste, and Abuse. In addition, BluePeak University offers course curriculum in the following categories to stay on top of changing regulatory guidance, navigate lessons learned, and implement best practices:

- Customer service
- Medicare audit
- Operations
- Utilization management and claims
- Compliance
- Finance
- Pharmacy

Immediate Results and Reporting

BluePeak provides status reports to make tracking progress easy and includes reporting functionality.
